World Travel Catering & Onboard Services
EXPO | 6 - 8 APRIL 2027 HAMBURG, GERMANY

WTCE Bronze Shell (without graphics) Specification Sheet

* *Image above is an example of a 4m x 3m stand with 1 corner. Please refer to the individual stand plan sent to you by the stand builder for the dimensions and layout of your stand.*

Shell Build

- Stand partition walls to the neighbouring stands/hall walls including necessary supporting walls, white, height approx. 2.50 m
- Fascia board on the open sides of the stand, side wall panel HxW approx. 250x30cm, incl. company name and logo.
    - The company name printed onto the nameboard is the name recorded in the Exhibitor Portal. If you have registered sharers on your stand, their company name will not be included. Any name change request after Tuesday, 9 March or any changes made onsite will be subject to a fee.
    - The stand builder Lüco will contact you regarding the logo.
- Blue carpet
  Carpet colour can be changed as soon as the stand builder contacts you (standard colours only). Change to a non-standard carpet colours will be subject to a fee.
- 1x wastepaper basket included
- See end of this document for the panel and fascia dimensions.

Electrics & Lighting

- 1x LED long-arm spotlight 20W per 3sqm stand area
- 1 x 3kW mains supply including consumption
- 1 x European power socket

If you wish to order additional lighting or electrics, please contact **HMC Customer Services** directly to place your order.

During build-up stand power will only be switched on if there is no danger from the electrical stand installation (open cables, incorrect lighting installations or other visible electrical defects).

The power to all stands will not be switched off overnight during the event. Only in case of maintenance work there may be a power cut for the duration of the work. If you require permanent 24-hour power for the show open period, please remember to order an UPS (uninterruptable power supply) directly with **HMC Customer Services**.

For safety reasons, the power supply is usually switched off on the last day of the event one hour after the event closes. If you require power after it has been switched off and for the duration of breakdown, please contact **HMC Customer Services** or order via online shop at an additional cost (item no. 3110910C).

Basic guidelines for socket outlets (AC feed up to 3kW):

500 watt socket	PC Computers, TV's, videos, spotlights to 500w & refrigerators
1000 watt socket	Domestic filter coffee machines & lighting up to 1000w
2000 watt socket	Kettles* & machinery up to 2000w
3000 watt socket	Hired coffee machines, machinery 2000w - 3000w

Please note that you may have an electrical fuse box on your stand which will be positioned in the top right corner of your back wall. Charges may apply onsite to move these boxes.

Cleaning

- Daily cleaning service (carpet, tables, counters and chairs)
- 1 x 60l waste bag per open day including disposal

If you wish to order enhanced cleaning, please contact **HMC Customer Services**.

Furniture

No furniture is included with WTCE Bronze Shell package. If you wish to add a furniture package, please contact the **WTCE Sales Team** to order this.

Graphics & Artwork

Graphics are not included with this package.

If you would like full stand graphics, please upgrade your Bronze Package by contacting the **WTCE Sales Team**. For individual graphic orders, please contact **HMC Customer Services** for sizing, pricing and deadlines.

Shell Scheme Accessories & Extras:

If you require additional storage space, please upgrade your Bronze Shell Package to Silver Shell package. Therefore, please contact the **WTCE Sales Team**.
Additional shell scheme accessories can be added at your own expense via online shop.

The deadline for HMC orders is 9 March 2027. After this deadline prices will increase by 20%. Please note that all HMC service orders are subject to availability regardless of this deadline.

Shell FAQ's:

How do I attach posters?

Graphics can be affixed to your walls using double sided sticky tape, velcro or blu-tack. You are not permitted to screw or nail into the walls. Unless ordered through the **Official Graphics Supplier** you are responsible for removing and disposing of your stand graphics. You will be charged for any damage to the stand panels and the disposal of any graphics left on site.

Can I mount a TV onto the wall?

Yes, but you will need to contact **HMC Customer Services** to discuss this as special reinforced panels will need to be ordered to support the TV. You will need to know the size and approximate weight of the TV before contacting the HMC.

Can I drill into the walls?

It will require one or more reinforced wall panels if you like to mount something to the wall. You will be charged for any damage caused.

How much weight can each panel hold?

This depends on several factors so please contact **HMC Customer Services** to discuss this in more detail.

If you wish to install wall shelves (item no. L403044C; approx. W 100 cm x D 30 cm), for example, you can order 3 wall shelves per wall element (to be arranged one above the other). Each shelf has a maximum load of 5 kg, meaning that a single wall supports a maximum load of 15 kg. In some cases, a base plate may also be required – depending on the stand form.

In any case, one or more reinforced wall elements (item no.: L204112C) must be included in the order.

Layout (Technical Data Sheet)
